

Barrow Clark is proud to be able to offer our customers a complete furniture and flooring service. We offer a free local delivery service (within 30 miles) for new goods over £499 and a national delivery service with price subject to location and goods.

Barrow Clark have invested in a waste handling licence to dispose of old furniture items. This service is going beyond normal service of delivery and removing packaging and therefore requires a separate agreement, contract and charge. Customers are no doubt aware that tipping/disposal/recycling costs have dramatically changed due to Government environmental targets and goods have to be handled in a rigorous and specific way (based on weight, size and type of waste). No longer do the Council offer a free large item collection service. Barrow Clark have to pay for the disposal of items. So the convenience of our two person delivery team simultaneously collecting items, transporting goods away and recycling or moving goods on is a service easily justified and for many customers very much appreciated.

Single Item - £69

Covid Protocol to be followed.

Barrow Clark regretfully have a policy of no second delivery – we are not able to deliver customer furniture to another property or third party (including charities) due to insurance and liability reasons.

Please note – once items are paid for and collected for disposal – they are strictly non-returnable and will be disposed of. Customers must accept once undertaking this separate disposal service contract with Barrow Clark – goods cannot be reclaimed, collected, or returned. This disposal service is only available when purchasing new furniture or flooring from Barrow Clark, but is not a condition of the original contract with Barrow Clark and this disposal service is a separate service contract. Barrow Clark reserve the right to cancel or abandon collection and disposal services for health, hygiene and safety reasons and this decision is a separate contract of service to the purchase of new goods from Barrow Clark (i.e. the refusal of Barrow Clark to collect an old item of furniture due to health, hygiene and safety reasons does not give a customer the right to cancel any other contract(s) with Barrow Clark for this reason.
