# ABOUT DARO

## HISTORY

From humble beginnings, Daro was born. Formed 50 years ago in 1973 by Brother-in laws (Da)vid Brown and (Ro)ger Rideout from a traditional market stall set up, they began their journey with the sales of traditional rush matting and rattan home accessories such as: waste bins and log baskets.

The business grew from strength to strength, developing and improving the product offering. Today, Daro continues to be a family business and one of the UK's leading names in woven furniture with incredibly popular collections designed to complement the traditional and modern home and garden.

## HANDCRAFTED FRAMES

All our frames are beautifully handcrafted in Indonesia using a variety of high-quality cane and rattan materials. Our aluminium ranges are finished using an Axalta™ powder coated finish in a range of tones which creates a stylish look whilst providing durability that is designed to withstand all year round use.

## DISCOVER DARO

All of our beautiful furniture ranges can be explored on our website or through our exclusive network of nationwide stockists, who are equipped with the knowledge and understanding to advise and support customers with their product choices, providing the opportunity to see and try the products locally.
