ABOUT DARO

HISTORY

From humble beginnings, Daro was born. Formed in 1973 by brother-in laws (Da)vid Brown and (Ro)ger Rideout from a traditional market stall set up, they began their journey with the sales of traditional rush matting and rattan home accessories such as: waste bins and log baskets.

The trend for cane and rattan furniture ensued during the 70s and 80s, so Daro progressed into developing a range of occasional furniture that could be used in sun rooms and conservatories.

Today, Daro continues to be a family run business and is the United Kingdom's leading name in woven furniture. With an incredibly popular product portfolio that features a comprehensive selection of ranges designed to accommodate both the traditional and modern home and garden.

HANDCRAFTED FRAMES

All our frames are beautifully handcrafted in Indonesia using a variety of high-quality cane and rattan materials.

DARO SOFT FURNISHINGS

Once the frames have been crafted, they are upholstered in our UK soft furnishings factory based in Derbyshire. Our dedicated team design and manufacture all our cushioning for our frames on a made-to-order basis. We offer all our customers a comprehensive portfolio of high-quality fabrics to choose from, including designs from the iconic British brand, Laura Ashley. We feel this unique "tailor-made" approach provides our customers with the flexibility to create furniture pieces that suit their style and tastes and sets our products apart from the everyday.

DISCOVER DARO

All of our beautiful furniture ranges can be explored on our website or through our exclusive network of nationwide stockists who are equipped with the knowledge and understanding to advise and support customers with their product choices as well as providing the opportunity to see and try the product locally.

To find out more about our furniture collection visit our website: www.daro-cane.co.uk where you will find product information, stockist locator and how to order information.

WHY CHOOSE DARO?

EXCLUSIVE DESIGNS

Our creative team of designers work closely with our manufacturing facilities in Indonesia to create unique, durable and above all comfortable designs that you won't find anywhere else. The majority of ranges throughout the collection utilise leather binding and steel sprung bases to provide extra comfort and longevity.

SKILFULLY WOVEN

Our highly skilled teams in Indonesia have years of experience in creating wicker furniture. Some items can take up to a week to manufacture. This attention to detail is second to none and ensures that every item in our collection meets the high standards that we expect.

SUSTAINABLE MATERIALS

Our Daro range of indoor furniture has been created using high quality cane and rattan; materials renowned for use in furniture production. Cane is the name used for the wood like pole that has a solid but flexible inner core. These properties make it easy to manipulate into many shapes when steamed. Cane can grow at a rate of 2-3cm per day and is therefore a renewable raw material. Rattan is a spiny climbing palm that grows readily and has a similar internal structure to cane. The outer layer can be peeled off and used for weaving, whereas the core of the rattan is used for various purposes in furniture production meaning that wastage of the raw material is low.

For information about our weave types visit www.daro-cane.co.uk

CHOICE OF FABRIC

We utilise only the highest quality fabrics for all our cushioning. Our extensive fabric collection is hand-picked and sourced from only the best mills throughout the UK and Europe. We are proud to offer over 60 fabrics including designs from the Laura Ashley brand. We offer a free swatch service to help you select your perfect fabric choice.

Visit www.daro-cane.co.uk/fabrics for full details.

CUSHION REPLACEMENTS

We are confident that our Daro cushions will provide years and years of comfort, but there may come a time when you fancy a change due to new colour trends and patterns. We are proud to offer a cushion replacement service so that you can refresh your frame with a new fabric cushion choice rather than replace your suite altogether.

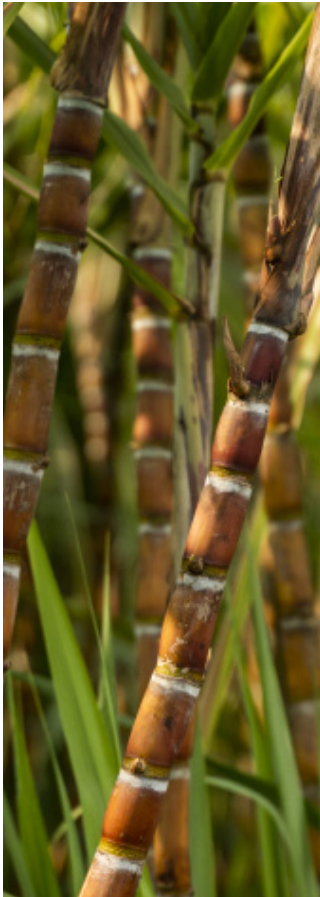

2 YEAR WARRANTY*

Daro are pleased to offer a 2 Year Warranty on all cane and rattan frames – subject to registration of your purchases either on the Daro website or by post within 28 days of delivery from your stockist.

All cushions come with a 1 year warranty as standard subject to general wear and tear. To keep your cushions in top condition for longer we recommend you follow our care guidelines displayed on our website.

*With online registration visit www.daro-cane.co.uk for full details.
