Presentamos Afrika, inspirado en las formas del modelo Oasis, con un diseño actualizado y un mayor grado de comodidad. La mezcla de elementos curvos y rectos aporta unas soluciones distintas a la mayoría de programas del mercado.

Inspired in the shapes of our model Oasis, ten years after its launch we present model Afrika. We have improved not only the design but also the comfort. The combinations of round and straight pieces offer different solutions compared with most corner units in the market.

Nous présentons l'Afrika, un modèle inspiré des formes du modèle Oasis, dix ans après son lancement. Nous avons actualisé son design et surtout, nous avons voulu apporter un meilleur confort. Le mélange d'éléments arrondis et droits apportent des solutions différentes par rapport à la plupart des programmes modulaires du marché.

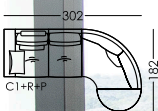

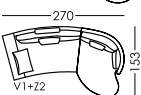

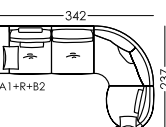

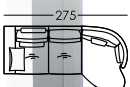

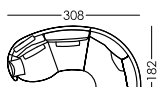

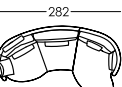

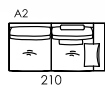

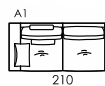

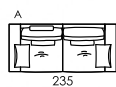

Venus

Wir präsentieren Afrika. Es ist durch dem Modell „Oasis“ inspiriert, hat es aber ein aktualisiertes Design und eine größere Bequemlichkeit. Die Mischung aus runden und rechten Formen bietet verschiedene Lösungen von Anderen anstehenden Sofas.
