CRAFTED BY TRADITIONAL METHODS USING  
INNOVATIVE TECHNOLOGY.

#### 100% FR CHEMICAL FREE FABRIC

Our ethos focuses on healthier sleep and that means creating sleep surfaces entirely free from chemicals. We carefully combine state-of-the-art looms with traditional weaving methods to weave our own luxurious Fire Retardant, FR chemical free mattress fabric, which snugly envelops every Somnus mattress. Each sumptuous mattress is glue free, foam free and FR chemical free.

**ZERO LANDFILL  
TECHNOLOGY**

#### CORTEC™ REVOLUTION™

Unique to Somnus, our 100% recyclable advanced Cortec™ Revolution™ core springs feature at the heart of each Supremacy mattress. With more individual points of contact and an innovative spring-within-a-spring design, these springs adapt and contour to precision accuracy to provide superb support and luxurious comfort and work in conjunction with our contouring micro springs.

 **CORTEC™**

#### SUMPTUOUS BY NATURE

Using only the most luxurious 100% natural fillings, carefully blended to make the perfect, luxurious sleep environment, we work with many fibres, even those from our own farm. Chosen for their sumptuous softness, inherent resilience, breathability and temperature controlling qualities these are handcrafted into every mattress.
